

Unless someone like you cares a whole awful lot,
Nothing is going to get better it's not. Dr. Suess, The Lorax

Hello from the Community Outreach Benefit 2020 Team! Once again this year we are helping 4 families who are suffering financially due to serious medical issues. In January, before the current COVID situation was public knowledge, the Team decided this was going to be our last year of the COB mission. We also decided that it was going to be strictly a plea for monetary donations which in hindsight was a good call since we would not have been able to do any fundraising events. Also, we are in sight of hitting the million dollar fundraising goal for our 19 years of being in existence which we would like to attain and celebrate as well!

Please, if you have participated in helping COB in any way over the years, as we know so many of you generously have (volunteering at our block parties, buying and selling raffle tickets, participating in our restaurant fundraisers, 5K, golf events, donating raffle items and so many more ways) we hope that you will consider a monetary donation to COB. Go to www.cobcares.org to donate online or send a check to St. John's UCC, 538 E. Thomas St., Coopersburg Attn: COB. We and all of the COB recipients both past and present thank you from the bottom of our hearts for your help, support and kindness.

Sincerely,

The COB Team
